

I.G.S – Replacement Monitors for the semiconductor industry

System	Application	I.G.S Replacement	Touchscreen-Type
EATON 1100 	Ion Implating System	IFP 19-M-XFT (E)	InfraRed
Varian eHP 220 / 500 	Ion Implating System	IFP 19-M-XFT (V)	InfraRed
ASM Epsilon 2000  The Process of Innovation™	It's a single-wafer epitaxial processing tool.	IFP 19-M-XFT (A)	Resistiv
Trikon – Sigma – Systems 	It's a single wafer cluster tool designed for high-volume Physical Vapor Deposition (PVD) processing.	IFP 15-M-XFT (T)	Surface Accoustic Wave
